

## *Our Mission Statement*

*We are dedicated to providing compassionate, comprehensive and quality healthcare services to the community we serve with dignity and respect. We commit ourselves to this mission freely and enthusiastically, with willing hands, open minds and compassionate hearts.*

## *Our Team Approach*

*We provide a team of Nurses and other professionals who have the technical skills and where withal required for each level of patient care. This approach ensures that the expertise required, and the appropriate skill level is maintained to make adjustments as needed.*

## **Meeting everyday needs with care and compassion**

Although we are a newly formed agency, our staff is not new to home health care. We've taken the advice directly from our patients -- we are focused on their desire to have consistent, competent, thorough, and friendly home care staff. We strive to put our patients needs first.

**Premium Healthcare Services** strives to offer compassionate, quality home health care to individuals and families with exceptional customer service.

Whether you are a physician, health care coordinator, a family member or in need of services yourself, please contact us for more information on how we can help.
